Dear

Congratulations on your selection as a candidate for the European Parliament at the upcoming elections.

Engender is a membership organisation for individuals and organisations with an interest in gender equality. We represent Scotland on the UK Joint Committee on Women, who in turn co-ordinate the UK view which feeds into the European Women's Lobby.

As such we would be very keen to hear your views on what you feel the European Parliament can contribute to the social and economic well being of women and in particular, what steps can be taken to address the under-representation of women at all levels of European decision making. Have you, for example, signed the EWL 50/50 campaign calling for women to be equally represented at all levels of European decision making institutions?

We look forward to your reply which we will make available to our members via our website.

Yours Faithfully

Karen Dargo
Communications Lead
