Dear Dr Scott

Commission Proposal – COM 2008/426

Thank you very much for your recent letters in which you voice Engender's concerns at the omission of sex from the EU's proposed anti-discrimination Directive.

Discussion of the proposed legislation is at Committee stage and I shall raise your views with my group colleagues so that they can be considered by the committees which will in turn report back to full Parliament. One of these is the Committee on Women's Rights and Gender Equality and I would be fairly confident that they will take a strong stance in support of the issues you have raised with me.

Many thanks for getting in touch with me and please be assured of my support for measures to combat all forms of discrimination.

Yours sincerely

Mr Ian Hudgton MEP
